

Prompt Title: Dynamic Sports Poster for Football Player [JMÉNO HRÁČE]

Overall Goal: Generate a dynamic sports poster for football player [JMÉNO HRÁČE], designed in a modern and energetic style. The final poster must have a clean white background, suitable for borderless A4 vertical printing.

Composition & Visual References:

- **Background** - Player's Profile Portrait (Face Reference): In the background, feature a large, dramatic profile portrait of the player. For this portrait, visually emulate and generate a face that, while being newly created, faithfully captures the facial features and hairstyle of the player from the uploaded image [FACE]. The generated face should bear the strongest possible resemblance to the reference image without being a direct insertion or copy. Intense, abstract brush strokes in the main team colors: [PRVNÍ BARVA KLUBU] and [DRUHÁ BARVA KLUBU] should emanate from the portrait, symbolizing power and motion.
- **Foreground** - Player's Action Figure (Jersey and Scene Reference): In the foreground, depict the same football player's full-body figure in a complete jersey, celebrating a goal with a passionate and triumphant expression. The jersey on this figure must be a precise replica of the jersey from the uploaded image [JERSEY], including its design. The number on the jersey must be [ČÍSLO HRÁČE]. The facial appearance of this foreground figure should be highly consistent and closely match the generated face from the background profile portrait, ensuring visual unity of the player.
- **Details:** Discreetly incorporate the team emblem from the uploaded file [LOGO] onto the poster.

Typography:

- On the top of the poster place prominent and modern typography on the poster featuring the player's name "[JMÉNO HRÁČE]" and a large number "[ČÍSLO HRÁČE]".
- At the bottom of the poster, add in the epic style the team name: "[JMÉNO KLUBU]".
- Also include supplementary text "[DOPLŇKOVÝ TEXT]" in a smaller but legible font, ideally in one of the team colors.

Color Scheme:

- The entire design should be color-harmonized. Dominant colors will be [PRVNÍ BARVA KLUBU], [DRUHÁ BARVA KLUBU], and white, ensuring a striking and powerful visual impact.

Final Style:

Clean, realistic photography style, professional graphic design of a sports poster in high resolution, presented in A4 format size (210 × 297 mm) at 300 DPI, print-ready, high-resolution.
